May 13, 2020

Dear MDS Parents and Guardians,

The faculty and staff of Moencopi Day School would like to extend a heartfelt appreciation for your support throughout this very unique and unprecedented school year. In a state of unsteadiness, we are all struggling to stay balanced. Together we will stay safe, responsible, and respectful for the benefit of our stakeholders.

Enclosed is your child's final report card. It was determined that the third quarter grade would be the final grade for the year. Your child's teacher has been reaching out to keep you informed about your child's progress. If you have any questions regarding your report card please call 928-283-5361/928-401-8303 to speak with the acting CSA, Kristy Honie, as our faculty will be on break until mid-June.

Plans for the 2020-2021 school year are currently being made to include an on-line distant learning pilot program called JUMP START. Our teachers have been reaching out to ask questions regarding your home's wireless capabilities, as this will more than likely be a full on-line program. Chrome book tablet computers are on order for all MDS students for use in this program. Complete training for staff, students, and parents will be provided as this is a new start for all of us. For homes that do not have the capability of sustaining these electronic devices, alternative distant learning accommodations will be made.

Our intent is to begin the regular school year on August 3, 2020, however this date could be delayed due to our readiness to accept students on campus. In the event that opening our facilities is not an option in August, we will make the transition to a full on-line program until it is safe for students to return.

Finally, we are in the process of mailing out student enrollment packets to all currently enrolled students. This packet will include a self-addressed stamped envelope that you can mail your packet in. Any questions may be directed to acting CSA Kristy Honie at 928-283-5361/928-401-8303 or khonie@moencopi.k12.az.us.
